## Understanding Competency-Based Management

### What Is Competency-Based Management?

At its core, competency-based management (CBM) is a strategic framework that emphasizes identifying, assessing, and developing the specific competencies?i.e., the knowledge, skills, behaviors, and personal attributes?that are necessary for effective performance within an organization.

Unlike traditional management approaches that often focus solely on job descriptions, qualifications, or experience, CBM centers on the capabilities that enable individuals to perform roles effectively, adapt to change, and contribute to organizational goals.
